

EntreComp Community Café

Our Entrepreneurial New Year's Resolutions

17 January 2023

Thank you everyone who was able to join us for the first EntreComp Community Café of the year! We had a great time, and we are really happy to see new faces joining the Cafés every month. This week the Café was led by Marianella from [Bantani Education](#), we talked about our New Year's Resolutions and how to make them happen. Check out the video below or find it in [The EntreComp Library](#).

After that, we continued talking about planning so that we can stay on track and make our goals achievable. Planning is especially important nowadays because of the VUCA world we live in. So, how can we make plans and keep them with our world being so volatile, uncertain, complex and ambiguous? Marianella invited us to change the way we see our world and showed us another way to look at it by shifting those concepts into other ones much more positive and that invite us to go ahead and take risks.

[EntreComp Café 17 January 2023](#)

To start with this session, participants shared some of their own resolutions and we all reflected on some quotes that Marianella shared with the group.

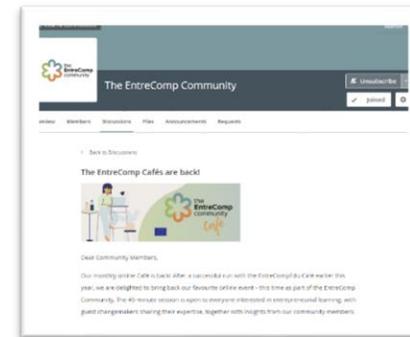

How can we make those changes? We believe that the key is to know ourselves and to put our competences to their best use. And that is why we did an activity involving our EntreComp Flower where we had to choose our top two competences and also identify two that we are not so good at or that we need to develop further. After that, we thought of ways in which we can “use” our competences during 2023. The best part of this activity was to hear our participants share their thoughts.

After reflecting on resolutions and competences, we continued talking about some planning tips and tricks. We analysed how the Time Management Matrix, and the Constructive Alignment technique can help us reach our goals in a more productively way. We also went through some ways to plan efficiently. We certainly enjoyed hearing

from our participants inspiring experiences and tips. Dear Café members: **2023 will rock because of amazing people like you!**

All the ideas and tips shared during this session to make things happen were wonderful and we are sure that they can be very helpful for many people. That's why we encourage you to join the [EntreComp Community](#) where an open [discussion](#) forum is available. There we can share your own tricks and learn from others.

Finally, don't forget to register for the next sessions of the [EntreComp Community Café](#), details are available on our website.

*See you
next time*
