The screenshot displays a digital resource page for 'EntreComp The Entrepreneurship Competence Framework'. At the top, there is a header with a star rating (0 stars), '1 item', the tag 'EntreComp', and '317 Views'. Below this is a title and a brief description: 'This report presents the complete reference framework for Entrepreneurship Competence (EntreComp), which consists of 3 competence areas, 15 competences, an 8-level progression model and a comprehensive list of 44 learning outcomes. EntreComp framework has been validated through iterative stakeholder consultations.' A navigation menu includes 'Overview', 'Information', 'Reviews', 'Related', 'Report', 'Tags', and 'Share'. The main content area features a PDF viewer with a 'PDF' icon and a 'Launch' button. The PDF preview shows the title 'EntreComp: The Entrepreneurship Competence Framework' and the publisher 'JRC SCIENCE FOR POLICY REPORT' under the 'European Commission' logo. A sidebar on the right contains metadata: 'European Commission' as the publisher, a description of the commission's role, a tag 'EntreComp framework', and classification details: 'Policy and Public Sector' and 'Languages'.

The resource is previewed here, it may look different depending on the type of resources. You can use all the PDF function here.

If you cannot see the resource preview, click here.

In the side bar you can see information including the publisher name and information, tags, catalogue classification, copyright and date or last update. Scroll to see more.

Submit your own resource
